CHRISTCHURCH ADVENTURE PARK

ADVENTURE YOUR WAY

Here at Christchurch Adventure Park (CAP) we have a passion for adventure, whatever that adventure may be. Whether your clients want to experience the Port Hills with New Zealand's longest or highest Zipline, take in the stunning views from the chairlift, hone their mountain bike skills or simply enjoy a scrumptious meal in stunning surroundings, we make it work. Groups can stick together, rotate through activities or split up based on adventure levels. Our team will work with you to make the very most out of their time in Christchurch and ensure an adventure that won't be forgotten.

ZIPLINING

Our four line, dual zipline tour is the ultimate way to explore the Port Hills, from heights and speeds that won't have been experienced before:

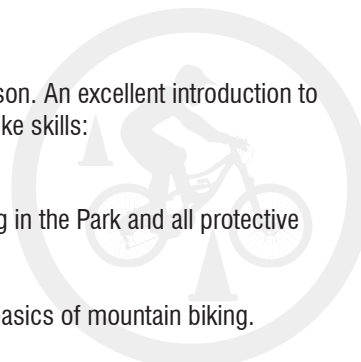

- Approximately 2.5 – 3 hours in duration
- Maximum 10 per group
- 2 guides per group with informative and entertaining commentary
- The tour includes New Zealand's highest and New Zealand's longest Ziplines at 150 m off the valley floor and 1.1 km in length
- Video and image packages available from \$39 to capture the experience
- New zipline tour: Experience NZ's longest zipline in less than an hour.
- Limited to a time schedule? Experience NZ's longest zipline in a single zip tour. 1.5 hours

MOUNTAIN BIKING

This is our most popular coaching package and for good reason. An excellent introduction to riding at the Park or a great way to develop basic mountain bike skills:

- Approximately 2 hours in duration
- Includes rental of a downhill bike purpose-built for riding in the Park and all protective equipment
- 1 uplift on the chairlift
- A guided run with a professional coach to go over the basics of mountain biking.

SIGHTSEEING

At 1.8 km CAP is home to New Zealand's longest chairlift offering guests the opportunity to take a ride to the top to take in the stunning views:

- It takes approximately 10 minutes to reach the top of the hill
- At an elevation of 468 m the views stretch from Lyttelton Harbour, the Kaikoura Mountain Range across Christchurch City to the Canterbury Plains and Southern Alps
- A walking track is available to walk back down or jump back on the chairlift to take you down to the village.

WALKING & HIKING TRAILS

Forest Loop: Enjoy a 30-40 minute return walk through the trees and spot some NZ native birds as you go, as well as some hidden surprises along the way! The start and end of the track can be found behind the Adventure Park Café, the perfect spot to enjoy a well-earned drink after your walk!

Hiking Trail: This is an energetic 1 1/2 hour walk up to the top of the hill, take in Christchurch's panoramic views from the Southern Alps across to the Pacific Ocean, while watching bikers and zipliners whiz past. Once you make it to the top of the walking trail, enjoy a FREE CHAIRLIFT ride back down to the village.

LESSONS & RENTALS

If your clients are competent riders and just want to get out on the trails then we have a number of lift passes and rental options to make the most out of their time at the Park:

- Lift passes are available as single uplift, 3 uplifts, full day and 3-day passes
- Rental bikes include all protective gear and are available as half or full day options
- Trails range from green (beginner) through to black (advanced) with a combination of wide, flow trails and technical single track.

CAFE & BAR

The Adventure Park Café at the Christchurch Adventure Park is the social hub of the Port Hills. With seating for over 200, a large covered deck that is heated in winter, a fully licensed bar and delicious coffee this is the place for post-ride and after work drinks, coffee catch-ups and dining all day long. The menu aims to be casual, fresh and hearty to keep you going through all the adventures.
